How children grow & what you can do to enhance their development.

Skills that will make routines like mealtime, diaper changing, & bath time easier & smoother.

How playing with babies actually makes them smarter.

How to manage stress.

Other services in the communities that are available to you & your baby.

Let Me Be A Child

Let me know when I make you proud.

And help me have pride in my own accomplishments.

Let me earn your trust. Then trust me.

I won't let you down.

Let me be. Let me change. Let me grow.

Let me dream.

Share my joy when my dreams come true. Share my tears when they don't.

Let me feel secure in my home.

Help me realize that love is always there.....that I can depend on you no matter what.

Let me run...let me laugh...let me play.

And most of all, let me be a child.
