

MIECHV BENCHMARKS: PM 12 & PM 18

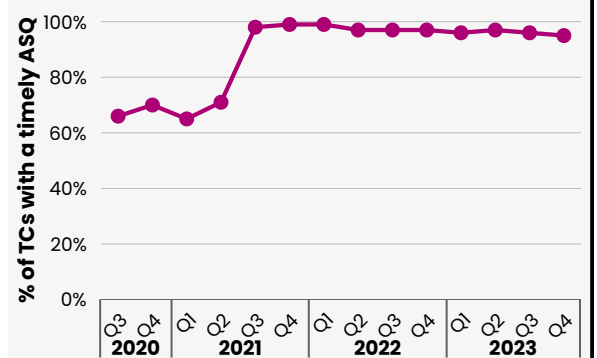

DEVELOPMENTAL SCREENINGS AND COMPLETED DEVELOPMENTAL REFERRALS: FY 2020-2023

PERFORMANCE MEASURE (PM) 12 DEFINITION

Percent of TCs (target children) with a timely ASQ (Ages and Stages Questionnaire) screen for developmental delays

ALL HFNY MIECHV PERFORMANCE (PM 12)

- Recent Performance: **Almost 100% of TCs** across all MIECHV programs received a timely ASQ in the past year
- Program performance improved in FY 2021 Q3 because ASQs in the past year were included in the measure instead of just the past quarter

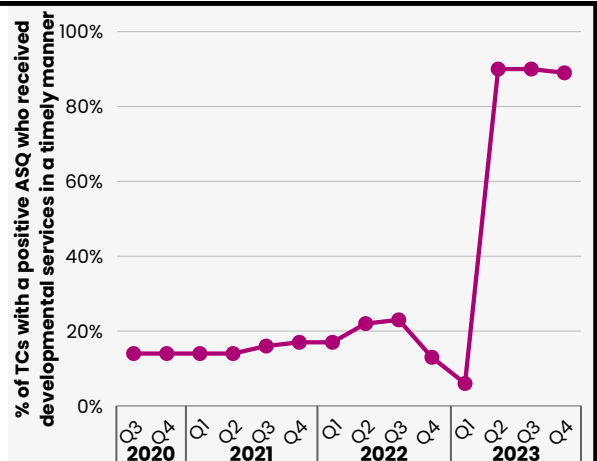

PM 18 DEFINITION

Percent of TCs with a positive ASQ screen who received developmental services in a timely manner (i.e., within 45 days of referral)

ALL HFNY MIECHV PERFORMANCE (PM 18)

- Recent Performance: **About 90% of TCs** across all MIECHV programs now receive developmental services in a timely manner
- Program performance improved in FY 2023 Q2 because subsequent ASQs began to be included as a developmental service.

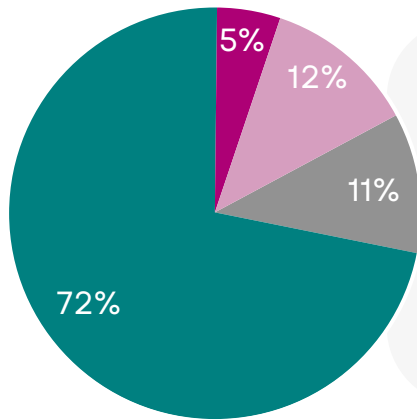

MIECHV BENCHMARKS: PM 12 & PM 18

DEVELOPMENTAL SCREENINGS AND COMPLETED DEVELOPMENTAL REFERRALS: FY 2020-2023

TYPE OF DEVELOPMENTAL SERVICE

Breakdown of PM 18 in FY 2023 (N=210)

TYPE OF DEVELOPMENTAL SERVICE

- Only services from home visitor in the form of a subsequent ASQ screen
- Only an early intervention evaluation or other developmental service (non-ASQ) within 45 days of referral
- Both a subsequent ASQ screen and a non-ASQ developmental service within 45 days of referral
- No developmental service received within 45 days of referral or in the form of a subsequent ASQ screen

DEVELOPMENTAL SERVICES RECEIVED AFTER REFERRAL (FY 2023)

Within 45 Days of Referral vs. Any Time After Referral

(among TCs with a positive ASQ; N=210)

17% of TCs

(N=35/210)

Received a non-ASQ developmental service within 45 days of referral (benchmark standard)

VS.

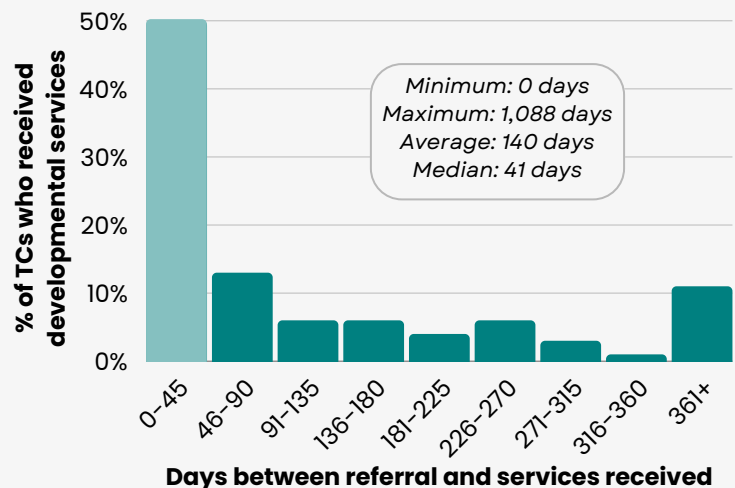

17% of TCs

(N=35/210)

Received a non-ASQ developmental service after 45 days of referral

Number of Days for Completed Service Referral

(among TCs who received developmental services; N=70)

- While 17% of TCs with a positive ASQ screen received a non-ASQ developmental service within 45 days of referral, 33% received one any time after referral
- The average number of days to receive services was 140 days
