

Role Play Script: Assisting the FSS with implementing the Service Plan

Supervisor: Looking at the “plan developed” section, what strategies do you feel confident about implementing?

FSS: I feel confident that I can _____.

Supervisor: That’s great. What gives you that confidence?

FSS: I’ve had a lot of experience with _____ when it comes to other families, and I’ve been successful with that.

Supervisor: (Offer ATP or affirmation).

Where do you feel like you lack confidence, or need help following through with the plan?

FSS: I don’t feel confident that I can _____. I could use help with building those skills.

Supervisor: What do you think would help? (or use Confidence Ruler)

FSS: (Improvise answer)

Supervisor: That’s a great idea. (Offer additional suggestions for confidence and skill building if needed). How about trying that out now?

Supervisor and **FSS** improvise skill building from here.
